## PRODUCTION STATISTICS : MARCH 1968 : BULLETIN NO. 208

This publication contains Victorian factory production statistics for March, 1968. Details of Australian production of these items are published in the Monthly Bulletin of Production Statistics issued by the Central Office of the Bureau in Canberra. Many of these items are shown in greater detail in other publications of the Bureau. From July 1966 onwards, figures are preliminary and subject to revision. Where more than one month's figures are indicated as having been revised, it is possible that earlier months, not shown in this publication, may also have been revised. A check may be made with this Office regarding any earlier month's figures - telephone 63-0181, Extension 50.

For the purpose of the accompanying statistics, a "factory" is defined as a manufacturing establishment in which four or more persons are employed, or where power (other than manual) is used.
